

Guidelines for oral and digital presentation

What needs to be in the oral presentation?

Prepare notes to help you with what you are going to say - you may use your iPad or paper for these notes, which ever makes you feel most comfortable

<i>Success Criteria</i>	<i>Tick when Complete</i>
Team leader introduces themselves and their team name	
Each team member introduces themselves	
Each team member talks about what their role was in the project	
Each team member mentions the skills (day to day and subject-specific skills) that you learnt	
What was your favourite part of the project? Why?	
Is there anything you would have done differently or would change?	
What was your least favourite part of the task? Why?
